

# LED Lamps

Products supplied  
are approved for  
Ontario Energy  
Incentive Program

LED options for virtually all existing lamps

## Applications:

LED lamps are available for direct replacement of virtually all conventional lamps in all colour temperatures. Lamps provided are direct fit-for-fit replacement options with easy installation, and high operational cost savings. LED tubes are food industry rated and meets shatter proof requirements.

Popular options are: A19, MR16, PAR16, PAR20, PAR30, PAR38, T8/T5 Lamps (2ft, 4ft, U-tube), and pot lights as well as the traditional globe style (additional models available upon request)

## Features:

- Available colours ranging from 3000k to 5000k
- Rated for up to 80,000 hours operating life
- Energy savings per unit of 80% or more can be achieved
- Lamps eligible for incentive are EnergyStar and cUL listed
